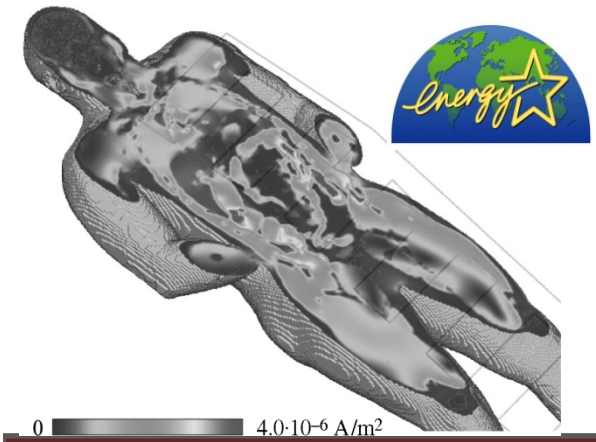
With over **30** years of experience be assured that you can trust the **Asist** brand for both quality and performance. **So warm up to a more restful sleep.**

GUARANTEED SATISFACTION GUARANTEED

ISO 9001 QUALITY 2000

It could just be because she has a very bad cold, but...

... she keeps asking for one of these!



Sleep warm. Sleep well. Wake Up Fresh.

The Blanket works on simple principle that heating heals body faster as compared to other treatments. This factor alone makes an electric blanket not just another mattress. Our Blanket is a revolutionary way to sleep and heal at the same time !

Asist heating blanket is meant for perfectly healthy people as well ! It gives you a unique relaxation that no other mattress will match. Take a second to imagine thay you sleep on slightly heated surface on chilly winter day or night. You will feel cozy and relaxed like never before. The medical benefits are just one of the aspects of buying a blanket.

Do try it and feel the difference.

Afterall, it's a **NEW SLEEPING CONCEPT.**

Electric under blanket were carefully designed to provide uniform and gentle warmth day and night. It is a perfect night-time companion during intolerable cold winter nights. It will provide long term cost efficient comfort. This product is exclusively designed for warming of the bed, and it requires 20-25 minutes to reach optimum temperature.

^^ Approximate Weight. ^ Maximum Power Consumption incase of a single bed Blanket. ^^^ Size May vary from lot to lot up to a maximum of 100 mm. ** Double Size available in select Models only (Not in Slim line Range). In Double Bed, Power Consumption, Weight, Dimensions will be double or equivalent. # Warranty void in case customer does not follow instructions, and is solely at discretion of Manufacturer, and limited to Manufacturing Defects only. Wear and tear of the equipment is not covered under warranty.

The blanket is to be worn over. This exquisite range comes only in single and double bed size. Though being delicate it is very warm and meant for only very cold climatic conditions with temperatures hitting sub zero.
It simply replaces the old double mink blanket as an over electronic blanket. These are only water resistant blankets.

Premium as the name suggests has a lot more to offer and has more features. This range has two segments an **Automatic as well as a Semi Automatic Range** - which are water resistant and washable too. It is an intelligent blanket and works on Desired or Preset modes respectively. These blankets have micro chip cutouts which help in uniform distribution of heat across the shell. The outer shell is of highest quality fur which gives cozy and snug feel while you sleep on it and has a better heat retention. Semi Automatic comes with two preset modes of temperature and in Automatic you can set your temperature digitally, and can also set timer from 1 to 9 hours.

"Drape yourself in luxury with our Premium Line and experience luxurious softness, with refined elegance combined to ensure a night of warm, soothing slumber."

This is a Budget range with three preset core temperature modes, 1.Medium 2.High 3.Foot Heating. These are available in both single and double bed sizes. Single has two thermal cutouts built in to protect over heating and to deliver uniform heating.

ardourgroup.in/Asist.htm

MAKING YOUR BED

1. Remove the Bed sheet/Cover and Pillows etc from your Bed Completely.
2. Place the heated blanket directly on top of your Mattress. Make sure the label is at the top of your bed, facing out. This insures the heat is directed towards the user. **(INTEMP INSIDE LABEL-only in select models). Keep Regulator towards head.**
3. CAUTION: the heated blanket should lie flat on the bed. No part of the blanket should be tucked under the pillow, mattress or box springs. Do not fold, bunch up or ball up on the bed. Do not route electrical cords between the mattress and box springs. Do not allow the cords to be pinched.
3. Connect and Preheat the Blanket at highest for 20 minutes and adjust it back to normal or low/medium setting for rest of the night.
4. YOUR HEATING BLANKET IS READY TO GIVE YOU A GOOD NIGHT SLEEP NOW.

WARNINGS AND SAFEGUARDS

As with all electrical products, misuse of product or failure to properly follow the instructions may cause overheating, fire or personal injury. Please read the product label and all of the instructions before using your heated product.

1. Do not use this heated product with an infant, a child, an incapacitated or immobile person, a paraplegic, a pace maker patient, a quadriplegic, a diabetic who is insensitive to heat such as a person with poor blood circulation, or anyone who cannot clearly understand the instructions and/or operate the controls.
2. Do not use with damaged cords. Damaged cords can lead to fire or short circuits. Do not tuck in, trap, fold, cross or pinch cords between bed slats, mattress or springs, or against walls, footboards or bed frame.
3. Do not dry clean this heated product. Cleaning liquid may damage the insulation of the heating element. Improper laundering may cause problems with the heating wire which can lead to fire.
4. Do not tuck in, pinch, flex or expose the heating wire to rubbing. A damaged heating wire may result in possible overheating or fire. Do not tuck the heated product or supply cord in a sofa or other furniture. All portions of the heated product and controller should be visible at all times.
5. Turn off or unplug the control for the heated product when not using.
6. Wrapping the cord around the controller may damage the cord. Loop loosely when storing.
7. Do not use another electronic/electrical heating device in conjunction with your heated product.
8. Not for hotel, motel or other institutional use.
9. If you see the heated product operating improperly, unplug it immediately and call Customer Care.
10. Do not dry clean or machine wash the blanket as it may damage the insulation or electric wiring.
11. Keep away from inflammable objects.
12. Never use the product in a folded condition. Avoid sharp creases to the product especially at the time of storage.
13. The Comfort Blanket is designed for indoor use only.
14. If the above mentioned safety procedures and warnings are not adhered by the user or buyer; the Manufacturer or Agent will not be responsible for damages(of any kind) arising due to mishandling leading to malfunctioning of this product.
